

Start	Registrations
13:30	Welcome & Opening remarks Stine Rosenlund Hansen (FoSSNet Coordinator, Roskilde University) Håkan Jönsson (Conference Host, Lund University)
14:00	Stream 1: Food systems science for food systems transformation Keynote Food system transformation is not just a science problem: Rethinking knowledge across different actors of the supply chain Keynote speaker: Viachaslau Filimonau (University of Surrey)
14:20	Parallel sessions stream 1 Session 1.1 <i>Challenges of contributing with research-based advice to policy making for Food Systems transformation</i> Convenor: Niels Halberg (Aarhus University), Pasi Rikkonen (LUKE), Loredana Rhazzali (IRCCEM) Session 1.2 <i>Internalization of externalities tools: trade-offs and synergies</i> Convenors: Scarlett Wang (Wageningen University & Research), Trang Nguyen (Wageningen University & Research), Bobby Tsvetkov (Wageningen University & Research) Session 1.3 <i>Seeing power in food systems</i> Convenors: Saher Hasnain (Roskilde University), Trang Nguyen (Wageningen University & Research), Bobby Tsvetkov (Wageningen University & Research)
15:40	Coffee break
16:10	Parallel sessions stream 1 continued Session 1.4 <i>Seeing change: Participatory visual methods for food systems research</i> Convenors: Michaela Lo (University of Kent), Christopher Turner (University of Greenwich) Session 1.5 <i>Designing and measuring transformation</i> Convenors: Saher Hasnain (Roskilde University), Trang Nguyen (Wageningen University & Research), Bobby Tsvetkov (Wageningen University & Research)
17:30	Stream 1: Insights and reflections from the parallel sessions
18:00	Networking reception

9:00	Stream 2: Transformative actions - learning from best and 'worst' practices Keynote Harvesting lessons from global case studies of food system transformation Keynote speaker: Stella Nordhagen (GAIN)
9:20	Parallel sessions stream 2 Session 2.1 <i>Plant-based transformation pathways</i> Convenors: Bente Svane Nielsen (SEGES Innovation) , Michael Søgaard Jørgensen (Aalborg University) Session 2.2 <i>Sustainable animal production as part of broader food system transformation</i> Convenors: Roxana Maria Triboi (LE:NOTRE Institute / AESOP Sustainable Food Planning Group) , Chiara Caterina Razzano (Sant'Anna / Milano-Bicocca) Session 2.3 <i>Between ambition and reality: Understanding obstacles to food system transformation</i> Convenors: Dalia Mattioni (University of Pisa) , Efrat Gommeh (Athena Institute, VU Amsterdam) , Justyna Kufel-Gajda (IRWiR PAN)
10:40	Coffee break
11:10	Parallel sessions stream 2 continued Session 2.4 <i>Do we have all the necessary elements for transformation through innovation?</i> Convenors: Martin Köchy (German Agricultural Research Alliance) Session 2.5 <i>Food System Science for Food System Transformation: the case of the territorial labs</i> Convenors: Patricia Homs (University of Barcelona) , Ana Moragues-Faus (University of Barcelona)
12:30	Lunch break
13:30	Stream 2: Insights and reflections from the parallel sessions
14:00	Advancing the food systems science network Facilitated by the FoSSNet project
15:30	Coffee break
16:00	Poster session & FoSSNet Young Talents Award
17:30	Excursion to Kulturen (optional)
19:30	Conference dinner

9:00	Stream 3: Advancing food systems literacy Keynote Food system literacy: An essential skill to navigate food system complexity Keynote speaker: Saher Hasnain (Roskilde University)
9:20	Parallel sessions stream 3 Session 3.1 Methods to build food system literacy into schools - <i>Immersive actions to support the children as actors for food systems transformative change</i> Convenors: John Ingram (University of Oxford), Codrin Vasiliu (Academia Română, Filiala Iași) Session 3.2 Networking food systems literacy across HEIs - <i>Teaching for food system transformation: Building a FOOD 2030 Higher Education Network</i> Convenor: Eduardo Urias (Athena Institute, VU Amsterdam)
10:40	Coffee break
11:10	Parallel sessions stream 3 continued Session 3.2 (continued) Networking food systems literacy across HEIs - <i>Teaching for food system transformation: Building a FOOD 2030 Higher Education Network</i> Convenor: Eduardo Urias (Athena Institute, VU Amsterdam) Session 3.3 Closing gaps in food system literacy and competencies in the workplace - <i>Developing food system literacy and practice amongst professionals beyond academia</i> Convenors: Rosina Borrelli (University of Oxford), John Ingram (University of Oxford)
12:30	Stream 3: Insights and reflections from the parallel sessions
13:00	Closing session: Learnings from the conference – looking ahead
13:30	Lunch and closing of event
